Monitor Playlist Additions As They Happen

Being in popular playlists is one key factor for your tracks to be a success. Thanks to Spot On Track you will be able to monitor the playlists your tracks are in, at which position and how many followers these playlists have.

Feel free to compare the playlists you are in, and the playlists your competitors are in. This can help you target the right playlists and take a huge step forward to the top of the charts.

What People Are Saying.

Chris White

A&R - Universal Australia

- " Spot On Track is a fantastic tool to monitor how our music is doing on Spotify, daily refreshed with all the new info we need at Universal. The new feature of playlist and viral chart overviews are very handy & helpful. "

Marketing Team

Armada Music

- " We've recently started using Spot On Track and have to say we're pleasantly surprised! We naturally always had our own methods of keeping track of our releases, but this system made the process a whole lot easier and gives a great and convenient overview! "

Jerper Davits

Head booker - 2 Dutch Agency

- " Spot On Track is a very useful tool from a bookers perspective, as it gives you detailed insight in the popularity of a track in certain countries. That way, it's easier to target on those countries and be more effective booker. "

Wessel Westerveld

SKINK Records - Showtek's Imprint

- " Spot On Track is a wonderful tool to keep track of how your release music is doing on Spotify. Daily refreshed with all the new info you need as a manager, booker or label manager. Especially the new playlist & the viral charts overviews give info you would've searched for the hours otherwise. "
